

Test and trace – a way to break the transmission chain, so coronavirus has less chance to spread

Do not come to school if you or anyone in your household has:

- A new and continuous cough
- Feels hot to touch on the chest or the back
- Experienced a loss or change in their sense of taste or smell

Do follow advice when required:

- Do isolate in line with the up to date *Covid-19 Stay at Home Guidance*
- Do collect your child from school promptly if they become ill during the day
- Do book a test using the NHS Test and Trace system
- Do inform the school of the test results as soon as you receive them

We will:

- Advise you as best we can, which will likely include directing you to the NHS
- Initiate track and trace within the school where there are confirmed cases
- Manage confirmed cases of COVID-19 amongst the school community
- Contain any outbreak by following local NHS Protection Team advice
